"Calling Plan – Ray LaHood Version"

MAN: Put puddles on the line. Yes, I know he's a dog. Puddles, you're going outside with Jennifer to do your business. Right by your favorite bush.

GIRL: Britney, Britney. Time travel is totally possible. The fabric of time is interwoven.

WOMAN LAUGHING HYSTERICALLY.

ANNCR: Some people choose unlimited calling, others choose unlimited texting.

But there's one thing not included in any calling plan. The common sense not to talk or text while you drive.

LAHOOD: Talking or texting while driving isn't worth the risk. Check out [distraction.gov](http://distraction.gov)
